Datasheet

A next-gen workplace starts with future thinking. That’s why our chair is **built to last forever** — in materials, in design, in purpose.

When we say 100% circular, we don’t mean just recyclable. We’re talking about **a bold rethinking** of design, production, logistics, sales, purchase and use.

You get a chair that **grows with you**. This is the last time you’ll ever invest in a chair. **Promise.**

Modular

Need a different color?
Swapping office chairs for
conference ones? Consider it
done.

Your chair sticks with you —
but adapts endlessly and
effortlessly.

Material

All our components are made
from high-quality materials
with the maximum achievable
percentage of recycled
content. Tough, built to last,
and always ready for a second
(or third) life.

Better seat, better future.

Minimalistic

At NO-EM, everything is
essential and pure. Our
products use as few parts as
possible. We redesigned the
entire supply chain from
scratch.

The result? 100% circular.
Guaranteed.

CHAIN COLLABORATION

This project is the result of a
collaboration between several
expert partners:

Design:

Robert Bronwasser Design

Manufacturer:

Bock

Marketing & Communication:

Oppepper

Logistics & Service:

706 Online

LCA Data Analysis:

Ecochain

Offered by:

NO-EM

Sustainable Product Passport

PRODUCT

Materials	Weight (gr)	% of total	Recycled content (gr)		Recyclable (gr)	
Polyamid 6 (30%GF) (PA6 100% post-industrial recycled)	8132	76,7%	70,0%	5692	100%	8132
Polyamid 6 (PA6 100% post-industrial recycled)	24	0,2%	100,0%	24	100%	24
